

YOUTH ADVISORY COUNCIL

MISSION:

WEEKLY MEETINGS
MONDAYS 5-6 PM
VIA ZOOM

The CCSI Youth Advisory Council is a space created FOR YOUTH, BY YOUTH for those aged 16 to 30 with lived experience in systems: mental and behavioral health, child welfare, juvenile justice, and others.

We exist so that we can give feedback and critiques to systems, announce what isn't working, and to solve problems collectively. The YAC collaborates with city and state leaders and community supporters to improve the life and situations faced by youth in mental and emotional health systems.
